Topographic aerial (paper) 24" x 36"	\$10.00
Topographic aerial (paper) 30" x 30"	\$10.00

GIS Services

Specialized GIS services	Staff labor (1 hr minimum) plus cost of any printing (see above)
--------------------------	--

LiDAR & Digital Ortho Photography

Spring 2005 LiDAR topography (unincorporated county areas) and digital orthography (selected county areas) are available for purchase.

Fees for the topography are based upon either 2500' X 2500' or 5000' X 5000' tile sizes. Digital ortho photography is only available as 2500' X 2500' tiles. A license agreement is required. Please contact Planning & GIS Services for details at (540) 394-2148.

Please contact the Towns of Christiansburg & Blacksburg for LiDAR topography and digital ortho photography availability within their individual jurisdictions.

Note:

The cost of envelopes (printed matter and CD) and postage will be added to ALL printed maps, Road Atlas, Soil Books, and CDs if requested to mail.
